

4/12/2024

To whom it may concern:

I would like to take this opportunity to endorse Greg McCaffrey as the Livingston County District Attorney. I have known Greg his entire life and known him to be a very honest and hard-working individual, which he has brought to the District Attorney's Office since 2012 when he was first elected to the office. During my 10 years as the prior Chief of Police in the Villages of Avon and Mount Morris, Greg was always willing to assist us with prosecuting our cases and was instrumental in developing the Livingston County Drug Task Force, which targeted drug dealers in Livingston County. With the recent changes in New York State law (Bail Reform Act Criminal Justice Reform) that make it very difficult to prosecute criminals in New York State, Greg and his office have done a great job of prosecuting cases and getting convictions during these difficult times. I believe with Greg's 12 years of experience as Livingston County's District Attorney he is uniquely qualified to remain Livingston County's District Attorney.

Sincerely,

Gary Benedict, Jr.

Former Chief of Police of Avon and Mt. Morris Police Department
